Subject.

Letter NO. 1397-P dated 27th May 03, from the Senior Surgeon re disinfection establishment for the Bangalore District.

1. No. and date of latest letter or paper.
2. Catch words to show nature of subject.
3. Subject to be in red and body of note in black ink.

1. Statement of case in narrative form in regular sequence of subject matter or date.
2. Opinions to be stated only as supported by precedents, or general rules which should always be quoted.
3. Serial numbers in file, &c., to be always stated.
4. Dates of important documents referred should be given.
5. Write on both sides, leaving the same side as margin.

Note.

The Senior Surgeon, while forwarding a copy addressed to him by the Dy Comr Bangalore, of letter NO. 1851-R. dated 25th May 03 states that in anticipation of approval he ordered that all the infected villages in the Bangalore District situated on the borders of the British Territory, should be disinfected by heat, & that the Deputy Commr has thereupon applied for a disinfection establishment costing Rs.96/- per mensem, to have the disinfection work done satisfactorily & soon; and a small imprest amount to meet the expenses of disinfection.

1. The Senior Surgeon in recommending for sanction, the establishment applied for by the Deputy Commr, urges that the disinfection of infected houses should be made compulsory, as already recommend-ed by him in the case of the Bangalore City. With regards the imprest amount asked for by the Deputy Commr, the Senior Surgeon reports that the Deputy Commr will be informed to obtain the amount thro' the estimated monthly expenditure statement.

Draft

Draft sanctioning the establishment, with the observation that compulsory disinfection does not commend itself to Govt is put up for appl or other orders.

Bangalore.

No. 1397
Dated 16 June 1903.

SIR, —

In forwarding with a copy of the Bangalore Deputy Commissioner's letter No.1851 dated the 25th May 1903, I have the honor to state that in anticipation of approval of Government, I ordered the disinfection of all the infected villages situated on the borders of the British territory by means of desiccation and the Deputy Commissioner has applied for a small establishment of two Inspectors on Rs.20/-each and 8 coolies on Rs. 7/- each, which may be sanctioned making at the same time disinfection of infected houses compulsory, as recommended in the case of the Bangalore City.

As regards the money, the Deputy Commissioner will be informed that he should obtain it through the Probable expenditure statements of each month.

I have the honor to be,

Sir,

Your most obedient servant.

Personal Assistant

and Sanitary Commissioner.

No. 1851/R

Bangalore District.
Deputy Commissioner's Office
Bangalore, 25th May 1903.

From

H.H.Sparkes Esqr.
Deputy Commissioner
Bangalore District.

To

Lt.Col.P.H.Benson, M.B., I.M.S.,
Senior Surgeon and Sanitary Commissioner
with the Government of Mysore (Plague Deptt)

Sir,

With reference to your docket No.1065-72/P dated 15th April 1903, calling for a report after thoroughly disinfecting all the infected villages of this District that are situated on the borders of the British Territory, by means of disiccation, and stating that if any funds are required it would be placed at my disposal, I have the honor to state that 39 villages of the Anekal Taluk are so situated, and 18 of them reported to have been infected with plague. There are no such infected villages in the Kankanhalli Taluk. The disinfection of the 39 villages cannot be effected without proper establishment. As the Senior Surgeon in his reference under reply seems to mean that all the villages on the frontier should be disinfected, these 39 villages may conveniently be divided into 2 circles. For each circle I would propose that 1 Inspector on Rs.20/- and 4 gang-men on Rs.7/- each may be employed, so that the disinfection work may not be delayed, but carried on efficiently and with despatch. The strength of the staff is proposed in consultation with the Health Officer, Bangalore City, who had

had had sufficient experience of disinfection work. To test the heat 4 sun thermometers are also required. I beg that these proposals may be sanctioned early.

2. To meet the expenses of disinfection, &c, a small sum may be placed as imprest at the disposal of the under signed. I may also add that it seems to me that compulsory disinfection must first be ordered by Government, before the required steps are taken.

I have &c

(Signed) W.H.Sparkes

Deputy Commissioner.
